Issues in NASA Program and Project Management

A Collection of Papers on Aerospace Management Issues
from the Program/Project Management Conference, April 20-23, 1993

National Aeronautics and Space Administration

Autumn 1993

- | | | |
|----|--|---------------------|
| 1 | <u>Perspectives in NASA Program/Project Management</u>
The PPMI program manager offers his perspectives on the program/project management conference held in Hagerstown, Md., in April 1993. | Edward J. Hoffman |
| 2 | <u>The Best Job in Aerospace</u>
Martin Marietta's president and chief operating officer says project management is "absolutely the best job in NASA." | A. Thomas Young |
| 3 | <u>Improvements in Project Management at NASA</u>
The Associate Director for Advanced Planning and Program Development describes a six-month, agency-wide review of some 30 recent NASA projects. | William J. Huber |
| 6 | <u>Strategic Planning . . . Mapping the Way to NASA's Future</u>
NASA's Associate Deputy Administrator for Strategic Planning describes the process and reports his findings on a new "shared vision" for the agency. | Charles J. Pellerin |
| 9 | <u>Program Excellence</u>
The Deputy Associate Administrator for Space Systems Development describes the new, consolidated NMI and Program Commitment Agreement process. | C. Howard Robins |
| 11 | <u>New NASA Procurement Initiatives</u>
The new Associate Administrator for procurement describes eight procurement initiatives and gives contact names and phone numbers for more information. | Deidre A. Lee |
| 13 | <u>Segment: The Cost Control Process</u>
Mark Craig on "Setting Program Requirements," Bill Huber on "Planning the Project," Hum Mandell on "Estimating Costs" and John Hraster on "Controlling Costs," plus panel sessions on each. | |
| 21 | <u>Segment: Special Interest Topics</u>
Concurrent panel sessions with the Systems Engineering Steering Group and the Program Control Steering Group. | |
| 23 | <u>Segment: International Cooperation</u>
Peter Smith on "Roles and Strategies in International Programs," Jeffrey Manber on "NPO Energia/NASA Relations," plus an international shared experiences panel. | |
| 26 | <u>Segment: Agency Relations</u>
Scott Pace on inter-agency relations and Tom Cochran on intra-agency relations, plus panel presentations. | |
| 29 | <u>Segment: Industry, Government and University Partnerships</u>
John Preston on "Commercializing U.S. Technology," plus panel presentations on "Technology Transfer: A NASA Model" and "Commercialization and Dual User Technologies." | |
| 37 | <u>What You've Always Known About Project Management</u>
The Vice President of Walt Disney Imagineering closes the conference with an imaginative Disney perspective on project management. | Bill Sims |
| 38 | <u>Resources:</u> Source lists on each conference topic | Jeffrey Michaels |

SP-6101 (07) Issues in NASA Program and Project Management is seventh in a series from NASA's Program and Project Management Initiative. This series is collected and edited by Francis T. Hoban with Dr. William M. Lawbaugh. Statements and opinions are those of the authors and do not represent official policy of NASA or the U.S. Government. Useful and enlightening material is welcome, and diversity of ideas is encouraged.

Inquiries should be directed to Dr. Ed Hoffman, Program Manager, Office of Training and Development, Code FT, NASA Headquarters, Washington, D.C. 20546-0001.
